

CadmiumCD's Conference Passport

Features

Content from 2005-2009 and beyond
Attendees can access all online content from 2005 forward by entering previous years' Key Codes to gain access to that year's content (Passport Stamps)

Powerful Search
Keyword search across all content with option to display both purchased and unpurchased sessions with shopping cart functionality to easily add access when necessary.

Automatic Enrollment
Previous proceedings users automatically get their Access Keys rolled into the Passport. New Proceedings purchasers automatically get their Passport account added or updated.

Poster Browser
Free online poster gallery that would be searchable by LEED level and across years. Visual and text browsing with keyword search would be included.

Take Notes, Share, Collaborate
Integration of the Passport with CadmiumCD's eventScribe™ system (launching Fall 2010) for note taking, automatic summaries, idea capture, commenting, and collaboration.

Pricing

Passport Stamps - \$199
Users can purchase (lifetime) access to entire Proceedings (ie Greenbuild 2008). Each new stamp opens up more content they can access. Using a Proceedings Key CD will automatically stamp the users' passport.

Single Sessions - \$25 each
Individual sessions would be available with access to PDF file of slides, Synchronized Slides/Audio, MP3 Audio, and MP4 Slide Videos.

Corporate Subscriptions - \$999 each
Institutions or Corporations would buy access on an annual basis (for a domain extension like all emails "@cadmiumcd.com"). Tracking, statistics, and communication tools would be available for corporate administrator. The annual subscription provides access to all available content from any year.

Individual Subscriptions - \$299 each
Individuals would buy access on an annual basis for a single email address. The annual subscription provides access to all available content from any year.
